

Come study the
Bible with us.

Our Sunday School has open Bible-study groups for all ages, preschool through adult. We meet from 9:30am-10:30am on Sundays, just before our worship service.

Getting connected to a Sunday School class is a great way to build relationships and discover the life-changing message of the Bible. Come find a class that fits you!

Bible Study Approaches: Text, Topic, and Story

Each of our Sunday School classes study the Bible using one of these approaches:

Text: These classes focus on one book or section of the Bible, and make application based on their study of the text.

Topic: These classes focus on one topic or theme, and make application based on various Bible passages that address that topic.

Story: These classes focus on the Bible chronologically, and make application based on individual Bible stories and how they fit into the big story of the Bible.

Regardless of which approach we use, we treat the Bible as God's Word and consider it totally true and trustworthy.
